Our Story

Experience the taste of YouMiQi, as the lauded restaurant presents its authentic Guangdong (Shunde)cuisine in Malaysia for the first time. The name “YouMiQi” pays homage to YouMiQi in Shunde China, where the city’s opened in 2010. The restaurant served Cantonese food in Shunde. Once a traditional agricultural county, it has become one of the most affluent counties in Guangdong and mainland China.

Our chefs utilise the latest in modern and innovative cooking techniques to bring the best out of time-honoured recipes that have been passed down generation. Our signature dishes include the Shunde men pot, stir fried milk with seafood, fish fins, master chef flaming seafoods, traditional lap mei rice, Shunde roasted chicken and cod fish with foiegras.

The provenance of each ingredient is of paramount importance to us. Ethical sourcing by using organic and sustainable ingredients wherever possible, while also working closely with farms, ensures the uncompromising quality of the food presented.

To complement the dishes, our original mixology programme is inspired by Chinese culture and the flavors of Asia. It is this particular level of modernity, combined with a respect for tradition, that makes so spectacularly unique.

Beyond the food, a cohesive story of East meets West is told through the blend of industrial Chinese and western décor of every location. At YouMiQi, elements reminiscent of the Shunde flagship restaurant are interwoven with China rich foliage and flora – a celebration of the shared history and connection between the two Asian metropolises
